

Tour AD IRON SERIES

The **Tour AD** are complementing models of the popular **Tour AD** premium wood series. Available in weights from 50 grams to 115 grams, the **Tour AD** Irons are designed and manufactured exclusively at the Graphite Design factory headquarters in Japan.

The light weight **Tour AD-50** model is a single flex offering and features a soft flex profile with a low kick point designed for higher ball flight and mid to high spin rates and are available in two color options of either blue or pink.

The **Tour AD-55, -65, -75** and **-85** gram shafts are available in men's flexes of Regular and Stiff and the **Tour AD-95** gram shafts are available in men's flexes of Stiff and X-Stiff. These iron shafts are designed to promote mid to mid/high ball flight with mid spin rates and all of these come in one color option of black with white bands and silver rings.

The **Tour AD-105 & AD-115** iron models are a combo flex S/X Flex offering designed to produce a lower, piercing ball flight with low/mid spin rates and are available in one color option of black with white bands and silver rings.

Take advantage of the superior distance with precise accuracy that Graphite Design shafts can offer and give the **Tour AD** premium Iron graphite shafts a try in your next set of irons.

MSRP 50g-95g Irons \$120
 MSRP 105g & 115g Irons \$375
